REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Upon further consideration of the teachings of the cited prior art, the Examiner is persuaded that while the prior art discloses trichloromelamine is a disinfectant and germicide, the prior art does not reasonably suggest to the skilled artisan to use trichloromelamine to treat animal habitats. Further, Applicant has demonstrated that trichloromelamine reduces the production of ammonia in treated animal habitats, a result not expected from the teachings of the prior art. The teachings of Katzen are directed to applying aqueous acids such as hydrochloric acid, sulfuric acid, boric acid, etc.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JAMES D. ANDERSON whose telephone number is (571)272-9038. The examiner can normally be reached on MON-FRI 9:00 am - 5:00 pm EST.
